PROFESSIONAL SUMMARY

React.js Developer with 3+ years of experience building performance-optimized, responsive web applications for e-commerce and LMS platforms. Skilled in translating business requirements into scalable frontend solutions, improving load times through lazy loading and API caching, and delivering reusable UI component libraries. Experienced across the full delivery cycle, from Agile sprint planning to CI/CD deployment on AWS.

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Redux, Tailwind CSS, Material-UI, Bootstrap

Testing and Tools: Swagger, Postman, Git, GitHub, Vercel, Netlify

Other: REST APIs, Node.js, Express.js, CI/CD, GitHub Actions, Agile, AWS, WebSockets

EXPERIENCE

Web Developer

July 2024 - Present

B3intelligence, New Delhi, India

- Build and maintain responsive, production-grade web applications using React.js and Tailwind CSS.
- Develop reusable React.js UI components that speed up feature delivery and keep the codebase consistent across projects.
- Improve frontend performance through targeted rendering and load-time optimizations.
- Collaborate with design, product, and backend teams in an Agile workflow to ship features on schedule.

React.js Developer

September 2023 - July 2024

Get Your Project Ready Pvt. Ltd., Malviya Nagar, New Delhi, India

- Built and maintained the EquipMedy.com UI in React.js and Tailwind CSS, improving page performance through lazy loading and API response caching.
- Redesigned MyAssignmentHelpGroup.com in React.js and integrated real-time chat functionality via Laravel WebSockets.
- Deployed applications on AWS and managed GitHub-based CI/CD workflows to streamline releases.

Graduate Software Engineer

September 2022 - July 2023

Knocial India Limited, Gurgaon, Haryana, India

- Built educational LMS websites using React.js with separate, role-based login portals for students and educators.
- Developed an admin panel for managing courses and payments and generating performance reports.
- Enabled course access, study material management, and feedback submission through the student portal.

PROJECTS

EquipMedy.com - React.js, Tailwind CSS, Redux, Context API

- Built dynamic, state-driven UIs with product listings, transaction flows, and user authentication. Live at equipmedy.com.

TeacherCool.com - React.js, Tailwind CSS, Context API

- Developed a responsive LMS with course management, a real-time chat UI, and JWT-based authentication.
- Built interactive dashboards and documented APIs with Swagger; validated endpoints using Postman.

HR Management System - HTML5, CSS3, JavaScript, React.js, Context API

- Built an HR management system covering attendance tracking, leave requests, and complaint management. Live at gyprc.com.

E-commerce Website - Node.js, Express.js, HTML, CSS, JavaScript, Bootstrap

- Built a full e-commerce platform with account creation, order history, and multi-criteria product search.
- Implemented filtering by category, keyword, price range, brand, size, and rating.

EDUCATION

B.Tech in Electronics and Communication Engineering

2018 - 2022

Mangalmay Institute of Engineering and Technology, Greater Noida, India | CGPA: 7.2
